STEP BY STEP INSTRUCTIONS

1. Print out the PDF pattern and cut out the party hat template.
2. Trace the pattern on the cardstock or scrapbooking paper.
3. Cut out the topper. For an even "craftier" look use scissors that cut in a pattern, like pinking shears or scallops.
4. Place your custom circle sticker on the center of the cone template.
5. Form the cutout into a cone matching the bottom edge, then secure the overlap with double sided tape.
6. Glue a pom-pom on the top of the hat.
7. Attach the colored drinking straw to the base of the soda bottle with baker's twine using a simple bow knot. Secure tightly.
